A New Invention . . .
Safe . . . Different

LEWIS *Automatic* SAFETY CUTTER

Extra heavy steel cutting blades furnished with each cutter, inside the handle.

Here is a new patented knife that cuts swiftly, surely, safely . . . yet protects the user from injury. Always safe because the blade is guarded — always ready to use because there's nothing to adjust. Rust-proof zinc handle. Steel guard covers the blade when not in use. You'll find a hundred and one uses for this handy tool.
